Dear Westwood Community,

The Woodbury County school superintendents had a good meeting with Siouxland District Health Department. It is great to have an open communication channel to those that are trying to help mitigate the spread of COVID-19.

As you can tell by our numbers things have really turned around at our school. For the first time in a month we don't have a student or staff member with COVID. Our quarantine numbers are down and hopefully they will continue to decrease this week.

Please contact the school office if you have any questions.
