December 22, 2020

I want to thank our families for sticking with us this fall during COVID-19. Through all the changes our families have been positive and understanding. We've tried to do the best for students in all of our different situations and still give them the most "normal" experience possible.

After Winter Break we will continue with the same precautions with C-19 until there is a change in the Governor's Proclamation. We are dedicated to keeping our student body and staff safe at this time. In talking with our nurse yesterday, we could not come up with anytime this fall that a positive transmission happened at school or during school events.

Reminders for January:

- School resumes on January 4th at 8:30 a.m. (No late start.)
- January 18th – Teacher PD – No school for students
- If you are picking up your child at the school and need to leave your vehicle, please wear a mask. Stay separated by six feet from other parents.
- Wash all your student's masks and belongings (coat, hats, etc.) over the break.
- The entire building will be deeply cleaned and sanitized over break.
